(207)454-7555 or (800)696-7444 Option 2

### BUDGET BILLING PROGRAM

Dear Member,

The Budget Billing Program allows you to pay the same amount each month on your electric bill. This provides for a known monthly payment avoiding fluctuations in your electric bill.

**How it Works:**

- The program cycle begins with the July bill and ends with the June billing the following year.
- When you sign up for Budget Billing, your payment amount is calculated based on the previous year's energy use. The calculated budget amount will be setup to bill for eleven months.
- Every month, your account is reviewed for substantial changes in usage, but the budget amount may only be adjusted if your average usage increases or decreases by at least 10%.
- The June bill is a "true-up," which completes the billing for the twelve-month budget period.
- If your June "true-up" bill results in a credit balance, it will be applied toward future electric bills or you may request a refund.
- While in the program, payments must be made by the due date. If the account becomes past due, your account will revert to regular billing.

***GO TO [www.emec.com/budget](http://www.emec.com/budget) to see what your monthly budget amount will be or call(207)454-7555 or (800)696-7444 menu option 2***

**To Qualify:**

- \* Must have at least 9 months of electric usage history at the same location
- \* The account balance must be zero at the time of enrollment
- \* Fill out the form below and return to: Eastern Maine Electric Cooperative

Attn: Budget Billing  
P.O. Box 425  
Calais, ME 04619
