EMEC \$250 Rebate Details

Qualifying heat pumps must:

- *be installed within EMEC's delivery territory*
- *be installed after December 23, 2021*
- *have qualified for and been granted a rebate by Efficiency Maine Trust (EMT)*

A \$250 check will be mailed once the Cooperative receives documentation from Efficiency Maine Trust (EMT) that the installed heat pump met the EMT requirements, and that the EMT rebate was paid.

Limit: One rebate per dwelling or business location.

This program is available to all residential, seasonal, and commercial members of Eastern Maine Electric Co-op, and it expires on December 23, 2023, or when 300 rebates have been granted, whichever comes first.

Please return completed claim forms to:
